Service Level Agreement for the
Appropriate Body Service
2026-27

Appropriate Body Services by Exceed Appropriate Body

Service Level Particulars

Background	All Early Career teachers (ECTs) must by law have completed an induction period satisfactorily (subject to specified exemptions). The statutory entitlement is the bridge between initial teacher training and a career in teaching. It combines a personalised programme of development, support and professional dialogue with monitoring and an assessment of performance against relevant standards. ECTs must be registered with an Appropriate Body to carry out induction. The Appropriate Body is responsible for the monitoring and quality assurance of entitlement. Exceed Appropriate Body is the Appropriate Body pursuant to the legislative and regulatory framework as detailed below. The purpose of this Service Level Agreement is to set out the collaborative working arrangements between us to support with the delivery of the Appropriate Body Services to meet the DfE legislative requirements as detailed immediately below.
Legislative and regulatory framework and guidance ("the Framework") relating to the Appropriate Body Services	Full details of the statutory requirements for Appropriate Bodies can be found in the links below, which refer to the following legislation: Sections 135A, 135B and 141C(1)(b), of the Education Act 2002; and the Education (Induction Arrangements for School Teachers) (England) Regulations 2012 as amended and the following Guidance: Induction for early career teachers (England) ("Statutory Guidance") Appropriate bodies guidance: induction and the early career framework ("Appropriate Body Guidance")
Services Start Date:	Start of ECT Induction date, as stated within the registration of the ECT.
Exceed Appropriate Body Services:	Statutory Guidance and Registration • Meet the requirements of Appropriate Bodies set out in the Appropriate Bodies Guidance and the Statutory Guidance • Support you to ensure you are compliant in meeting the statutory induction entitlements for ECTs • Provide guidance to you in registering ECTs accurately on the DfE Online Service Portal and ECT Manager. Continued Professional Development • Provide annual mandatory training for Induction Tutors. • Provide termly newsletters that keep Induction Tutors abreast of key information and disseminates messages from the Teaching Regulation Agency (TRA). Reviews and Assessment • Provide an electronic portal – ECT Manager - for submission of progress reviews and assessment reports. • Provide on-going support and guidance to Induction Tutors and

	ECTs in relation to the completion of statutory induction. • Liaise with other Appropriate Bodies in the event of an ECT transferring school. • Be responsible for extensions and reductions to the induction period and liaise with the Teaching Regulation Agency (TRA). • Complete the final sign-off for successful induction with the Teaching Regulation Agency (TRA). Quality Assurance • Statutory quality assurance and monitoring activities will be undertaken throughout induction. These will take the form of phone calls or school visits, in person or virtual. • Provide notice of a Quality Assurance monitoring visit in a timely manner, with clear information on activities involved in the visit. • Undertake quality assures progress reviews, interim reports, assessment reports and the school entitlement experience through a mixture of ECT Manager monitoring and Quality Assurance visits. • Offer support and quality assurance for Entitlement Enhancement Plans where an ECT is 'not on track' at a progress review or formal assessment point. If you are completing Exceed Teaching School Hub's Full Induction Programme with Ambition: • Collaborate with Exceed Teaching School Hub Early Career Framework Delivery Partner to ensure each ECT can access and engage in the statutory entitlement. • Liaise with the Early Career Framework Delivery Lead to monitor engagement with the Early Career Framework and attendance at half-termly facilitated training sessions. If you are completing the ECTE Full Induction Programme with another partner or independently: • Note that you are working with Exceed Appropriate Body only and keep a record of the Delivery Partner ECTs are working with for the ECTE programme. • If you are providing the core induction or school-based programme for ECTs, the Appropriate Body will carry out fidelity checks to ensure the programmes are compliant with Statutory Guidance (2025).
Your obligations and responsibilities:	Compliance with Statutory Guidance • Familiarise yourself with the Statutory Guidance regarding the Induction for Early Career Teachers (England) 2025 (as updated annually) and meet all the requirements set out in the statutory Guidance • Ensure the ECT is employed in a suitable post for induction in accordance with the following Statutory Guidance: Induction for early career teachers (England) (Published April 2025) section 2.16-2.17). • Ensure all ECTs are registered with Exceed Appropriate Body us

	via ECT Manager and the DfE Online Service Portal accurately and in line with the deadlines provided. - Ensure that all ECTs are aware of and receive all of their statutory entitlements included within the guidance whether they be in a maintained school, PRU, Post 16 provision, academy or independent school. Registration of ECTs - Notify the Appropriate Body, where possible, that an ECT has been appointed in advance of the ECT taking up their post. This is to allow time for Exceed Appropriate Body to do the relevant background checks to ensure that the ECT has been awarded Qualified Teacher Status (QTS) prior to the start of induction. Failure to register ECTs may result in a delayed access to ECT manager, and the ECTE programme. NB. ECTs can only be registered to commence induction with the Appropriate Body at the start of each term. Should an ECT be appointed to take up post during a term, they should be registered for induction from the start of the next term (for example, if the ECT starts their teaching role two weeks after February half term, they should be registered to begin induction at the start of the summer term). Induction Tutors - Have a named Induction Tutor who is NOT the mentor for an ECT unless there are special circumstances in your school. - Ensure that the Induction Tutor is a senior member of staff who is able to oversee the work of the mentors and make final judgements for ECTs against the Teachers Standards. - Ensure new or directed Induction Tutors attend annual training with Exceed Teaching School Hub. - Provide the Induction Tutor with time to carry out their role in school effectively to meet the requirements of statutory entitlement. - Ensure the Induction Tutor attends mandatory training delivered by the Appropriate Body - Monitor the engagement of ECTs and mentors in the ECTE programme through the use of their provider's platform. - Ensure the teaching of each ECT is formally observed regularly. Exceed Teaching School Hub recommends that this should be at least once per half term. Formal observations should be carried out by the Induction Tutor or other suitably qualified staff but NOT the mentor. - Ensure the Induction Tutor meets (at least) termly with each ECT to share termly reports and that summary notes of these meetings are kept, signed, and shared. - Ensure that deadlines for progress reviews and formal assessments are met for each ECT. If there is an issue with meeting any deadline, this must be communicated with the Appropriate Body
--	--

	• Ensure all ECTs who are not making satisfactory progress have an Entitlement Enhancement Plan that is shared with the Appropriate Body in a timely manner. • Ensure that required documentation, such as Entitlement Enhancement Plans are uploaded onto ECT Manager. • Retain induction records for at least the minimum statutory period (currently six years). • With the Headteacher, attend a panel to consider the evidence that supports the decision-making process when the final assessment form indicates that an ECT has not met the Teachers' Standards. • Be able to provide comprehensive records and evidence to the panel to demonstrate that school has done all it can to support an ECT through induction. Mentors • Ensure each ECT has a named mentor who has Qualified Teacher Status. The mentor should NOT be the Induction Tutor unless there are special circumstances in your school. • Appoint a mentor with QTS for each ECT to support them with the ECTE programme as part of statutory entitlement. • Provide adequate time for the mentor to carry out the role effectively within teaching time (as per Induction for early career teachers (England) paragraph 5.7) Quality Assurance • To engage and cooperate with us to support our statutory Quality Assurance activities • To provide us with all documentation required to support Quality Assurance visits within the timelines provided. Communications • Ensure that the information provided on ECT Manager is accurate for all involved, including Teacher Reference Numbers and Date of Birth where relevant (Headteacher, Induction Tutor, ECTs and school administrators). • Ensure we are kept up to date – in a timely manner - with changes in your school's Ofsted grading, personnel, resignations, new starters, extended parental leave (maternity, paternity or split parental leave, carer's leave and neonatal care leave), illness related absence, or any other changes in the wellbeing, circumstance or status of ECTs or mentors. • Ensure that part time ECTs records are kept up to date with any changes to their contracted hours/FTE status. • Provide contact details for our finance department to ensure timely payment can be made
