

North and West Yorkshire Science Learning Partnership (SLP) is part of STEM Learning. STEM Learning is the UK's largest provider of education and careers support in science, technology, engineering and maths. We support all schools including EYFS, primary, secondary, special and FE colleges. We are a science support staff specialist SLP, which includes teaching assistants and technicians across all phases.

We offer a wide range of face-to-face and remote continuing professional development (CPD), including disciplinary and pedagogical content knowledge through to hands-on practical skills. We have something to offer science staff throughout each and every stage of their career.

## ► Bespoke CPD

Can't find a course that meets the exact needs of your school? We also offer bespoke CPD packages, including half day, full day and twilight sessions, from 1 to 1 sessions to training for the whole department.

## ► Facilitated networks

We offer remote and face-to-face networks, allowing teachers and support staff to collaborate with peers, share best practice and professionally develop.

## ► Enrichment

STEM Club Champions run free CPD on setting up a STEM Club; making STEM Clubs thrive; enhancing employability skills in the curriculum; enhancing careers' awareness; measuring impact; and gaining recognition. This is a great addition to a teacher or support staff's skillset whatever their career stage.

# Secondary Courses

## **Maintaining your Microscopes | STEM**

12 May 21 13:30-15:30

## **Technicians: Health and Safety | STEM**

19 May 21 14:00-15:00 and 21 May 14:00-15:00

## **GCSE Chemistry Required Practicals | STEM**

11 Jun 21 09:30-15:30

## **Technicians: GCSE Chemistry Required Practicals | STEM**

11 Jun 21 09:30-12:00

## **Leading Health and Safety in your science department | STEM**

15 Jun 21 09:30-15:30

## **GCSE Biology Required Practicals | STEM**

17 Jun 21 09:30-15:30

## **Technicians: GCSE Biology Required Practicals | STEM**

17 Jun 21 09:30-12:00

## **An Introduction to Science Practical Skills and Health and Safety for ITT and NQT | STEM**

23 Jun 21 09:30-15:30

## **Technicians: Health and Safety | STEM**

29 Jun 21 14:00-15:00 and 01 Jul 21 14:00-15:00

## **GCSE Physics Required Practicals | STEM**

02 Jul 21 09:30-15:30

## **Technician: GCSE Physics Required Practicals | STEM**

02 Jul 21 09:30-12:00

## **Maintaining your Microscopes | STEM**

06 Jul 21 13:30-15:30

## **Working as a science technician: an introduction to the role | STEM**

08 Jul 21 09:30-15:30

## **An Introduction to Science Practical Skills and Health and Safety for ITT and NQT | STEM**

10 Aug 21 09:30-15:30

# Primary Courses

## **Engaging science for key stage 1 | STEM**

18 May 21 (TBC) 09:30-15:30

## **Engaging science for key stage 2 | STEM**

25 May 21 (TBC) 09:30-15:30

## **Primary Network Meeting 4: North and West Yorkshire | STEM**

10 Jun 21 15:00-16:30

## **Developing working scientifically outside the classroom | STEM**

15 Jun 21 09:30-15:30

## **Primary Conference for Science, Technology, Engineering and Maths**

21 - 25 Jun 21

## **Assessment and progression in primary science | STEM**

01 Jul 21 09:30-15:30

## **An introduction to working scientifically | STEM**

13 Jul 09:30-15:30

## Primary and Secondary

### **Science Leaders - Using the OFSTED science research review to move your curriculum towards excellence**

A facilitated, full day peer network event for science leaders to work together to evaluate their curriculum against the OFSTED science research review findings. Facilitator support will be available to begin any redesign process following this evaluation.

**18 June 21**

Harrogate

**23 June 21**

Preston

**25 June 21**

Keighley

**29 June 21**

Cockermouth
